1. With joy do I speak with you today—to all my followers, to all who know Me, to all of My friends, to all who wonder if I am really Me—I say I am—I say, I love you, and I want to be with you so much more than you now let Me. But I am Me and I am and I await. I await your presence more to come to Me to become who I made you to be—birthed you, created you, gave you gifts and anointings and loved you, loved, loved you, even before you were born, and in birth and in life and today and now—await your freedom to be all I designed for you.

2. I love you. I praise you for coming to you in praise—I worship you as I inhabit your worship—not like you do, but like I do. I come before My Mine and intercede in your presence so often, so often, appraising and reminding My Father of you and His design for you—oh lamb, oh wonderer, oh wonderful.

3. I am and I have so much for My creation who lets Me move in the realm that I now choose to operate in, and let you operate in with Me—in concert—as one—Joel 2 expanded from promise to reality—from prophecy to reality—from future to present—today, now, for all My sons and daughters who will, will, who will choose to participate and lay aside the paradigms of the past.

4. Oh freedom, oh freedom, oh future now—realized, presented—in present—so choose, choose, choose the present and not the past.

5. So strong are My words today. So impacting are the ramifications of My statements, My directives, My declarations to you of what I'm doing—arising, significancing, confidencing—de-destituting My body—giving beauty for ashes—delicacies to emaciated and weak to become strong.

6. It's all new Ted. You're on it and some will love you and some will hate you, for all this affects everyone. The freedom givers will rejoice and the greed-mongers will lament.

7. Freedom you are taking to your generations past, present, and future. Freedom is so powerful Ted, so powerful, so powerful, setting free the mind, the spirit, the spirit/mind—one—free to operate in My design in My networks of power, designing new networks of creation and freedom that will permeate the permeate-able.

8. Subject yourself not to the powers which only constrict but burst forth in freedom in every direction. Joy, laughter, freedom—joy, laughter, freedom, oh Ted, so much—so free—so available—so rich—so satisfying.

9. Please never tire of telling My body I love them, I love them, I love so deeply, so dearly, so tenderly—so much—and I speak, speak, speak—if they let Me.

10. I am freeing musicians and writers and craftsmen and entrepreneurs as never before. I am freeing pastors and preachers and teachers and evangelists and apostles as never before.

11. A new day, and a new way to commune with each other and Me in and with each other—oh Ted—as I designed so long ago—yet embraced so little, almost none—yet available and forefronted now to My Mine, through you and those who will let Me.

You're breaking through the barrier, the gateway to mammon-controlled-not.
Freedom, freedom, freedom.
I repeat Myself so often for so few get it the first time—I express, I emphasize, I repeat.

12. You're breaking the barrier and pulling them with you—into freedom and prayer and intimacy with Me—.
Freedom, freedom, freedom.
Intimacy, intimacy, intimacy.
With Me, Me, Me—I am.
The One and only I Am.
The Great I Am—I Am.
